Please Note:

Bills may qualify as “exempt” from deadlines because they are: (1) appropriation bills, (2) tax or fee bills, or (3) bills with a fiscal impact. In almost all of these cases those bills will be referred to the money committee of the house of origin (Assembly Ways and Means or Senate Finance). They will be acted upon at such time as sufficient revenue information is available. Other bills which do not follow the deadline rules include study committees, Constitutional amendments and bills dealing with Legislative issues.

This index will be updated following the next Legislative deadline, which is April 21 at which time all bills that are not exempt must be out of the house of origin.
