

# LEGISLATIVE REPORT

This issue of Legislative Report is an index, by category, of bills we have reported to date in Legislative Report (Issues 1 through 11), including the failed status of bills through the first legislative deadline Friday, April 12, 2019, the deadline for non-exempt bills to be out of Committee in the house of origin. This index will be updated following the next Legislative deadline, which is April 23, 2019 at which time all bills that are not exempt must be out of the house of origin.

*Please Note:*

Bills may qualify as “exempt” from deadlines because they are: (1) appropriation bills, (2) tax or fee bills, or (3) bills with a fiscal impact. In almost all of these cases those bills will be referred to the money committee of the house of origin (Assembly Ways and Means or Senate Finance). They will be acted upon at such time as sufficient revenue information is available. Other bills which do not follow the deadline rules include study committees, Constitutional amendments and bills dealing with Legislative issues. Leadership also has the prerogative to waive deadlines as they choose with concurrence between the houses.
